

# Large Group Opening Activity

## **Intro**

The opening activity will teach the kids that there are many different ways to worship God.

## **Materials**

Ball

## **Activity**

The Teacher and Co-teacher take turns throwing the ball to various kids throughout the room. When the ball is caught, the child will yell out a way that we can worship God. The ball is then thrown back to the Teacher or Co-teacher. The ball is thrown to another child and the process is repeated.

## **Application**

Kids will likely give “typical” ways to worshipping God: singing, praying, reading the Bible. It must also be mentioned that there are other ways to worship God: by inviting a friend to church, telling someone about Jesus, obeying parents, helping a sibling with something, etc. Worship is more than just something done at church, it is a way of living our lives to please God.

## **Summary**

Today we’ll be learning about how many people worshipped Jesus as He came into Jerusalem. Although they worshipped Him in ways that might seem strange to us, they still worshipped.
